FW26 Brand Campaign

A SNEAKER. A JEWEL. A DESIRE.

Born from the tension between instinct and control, SNAKE KISS explores attraction through form, texture and detail. A silhouette that captures attention and holds it.

Four iconic silhouettes, EVO RUN, CARTER 2.0, KATE, and CARTER JOGGER, define the capsule through distinct attitudes and a cohesive aesthetic.

SNAKE KISS unfolds across four colour stories: Rouge Passion, Émeraude Envoûtante, Dove and Sable, each balancing intensity with restraint.

Every pair features a detachable necklace crafted with Swarovski crystals, transforming the sneaker into a signature piece.

Limited to 300 pairs per reference, distributed through a selective network to preserve exclusivity.

A jewel of its own

Crafted from a copper base, the necklace is available in two refined finishes: 18K gold plating or a silver tone with a white gold finish (18K equivalent). Each piece is set with Swarovski crystals, enhancing its precious character.

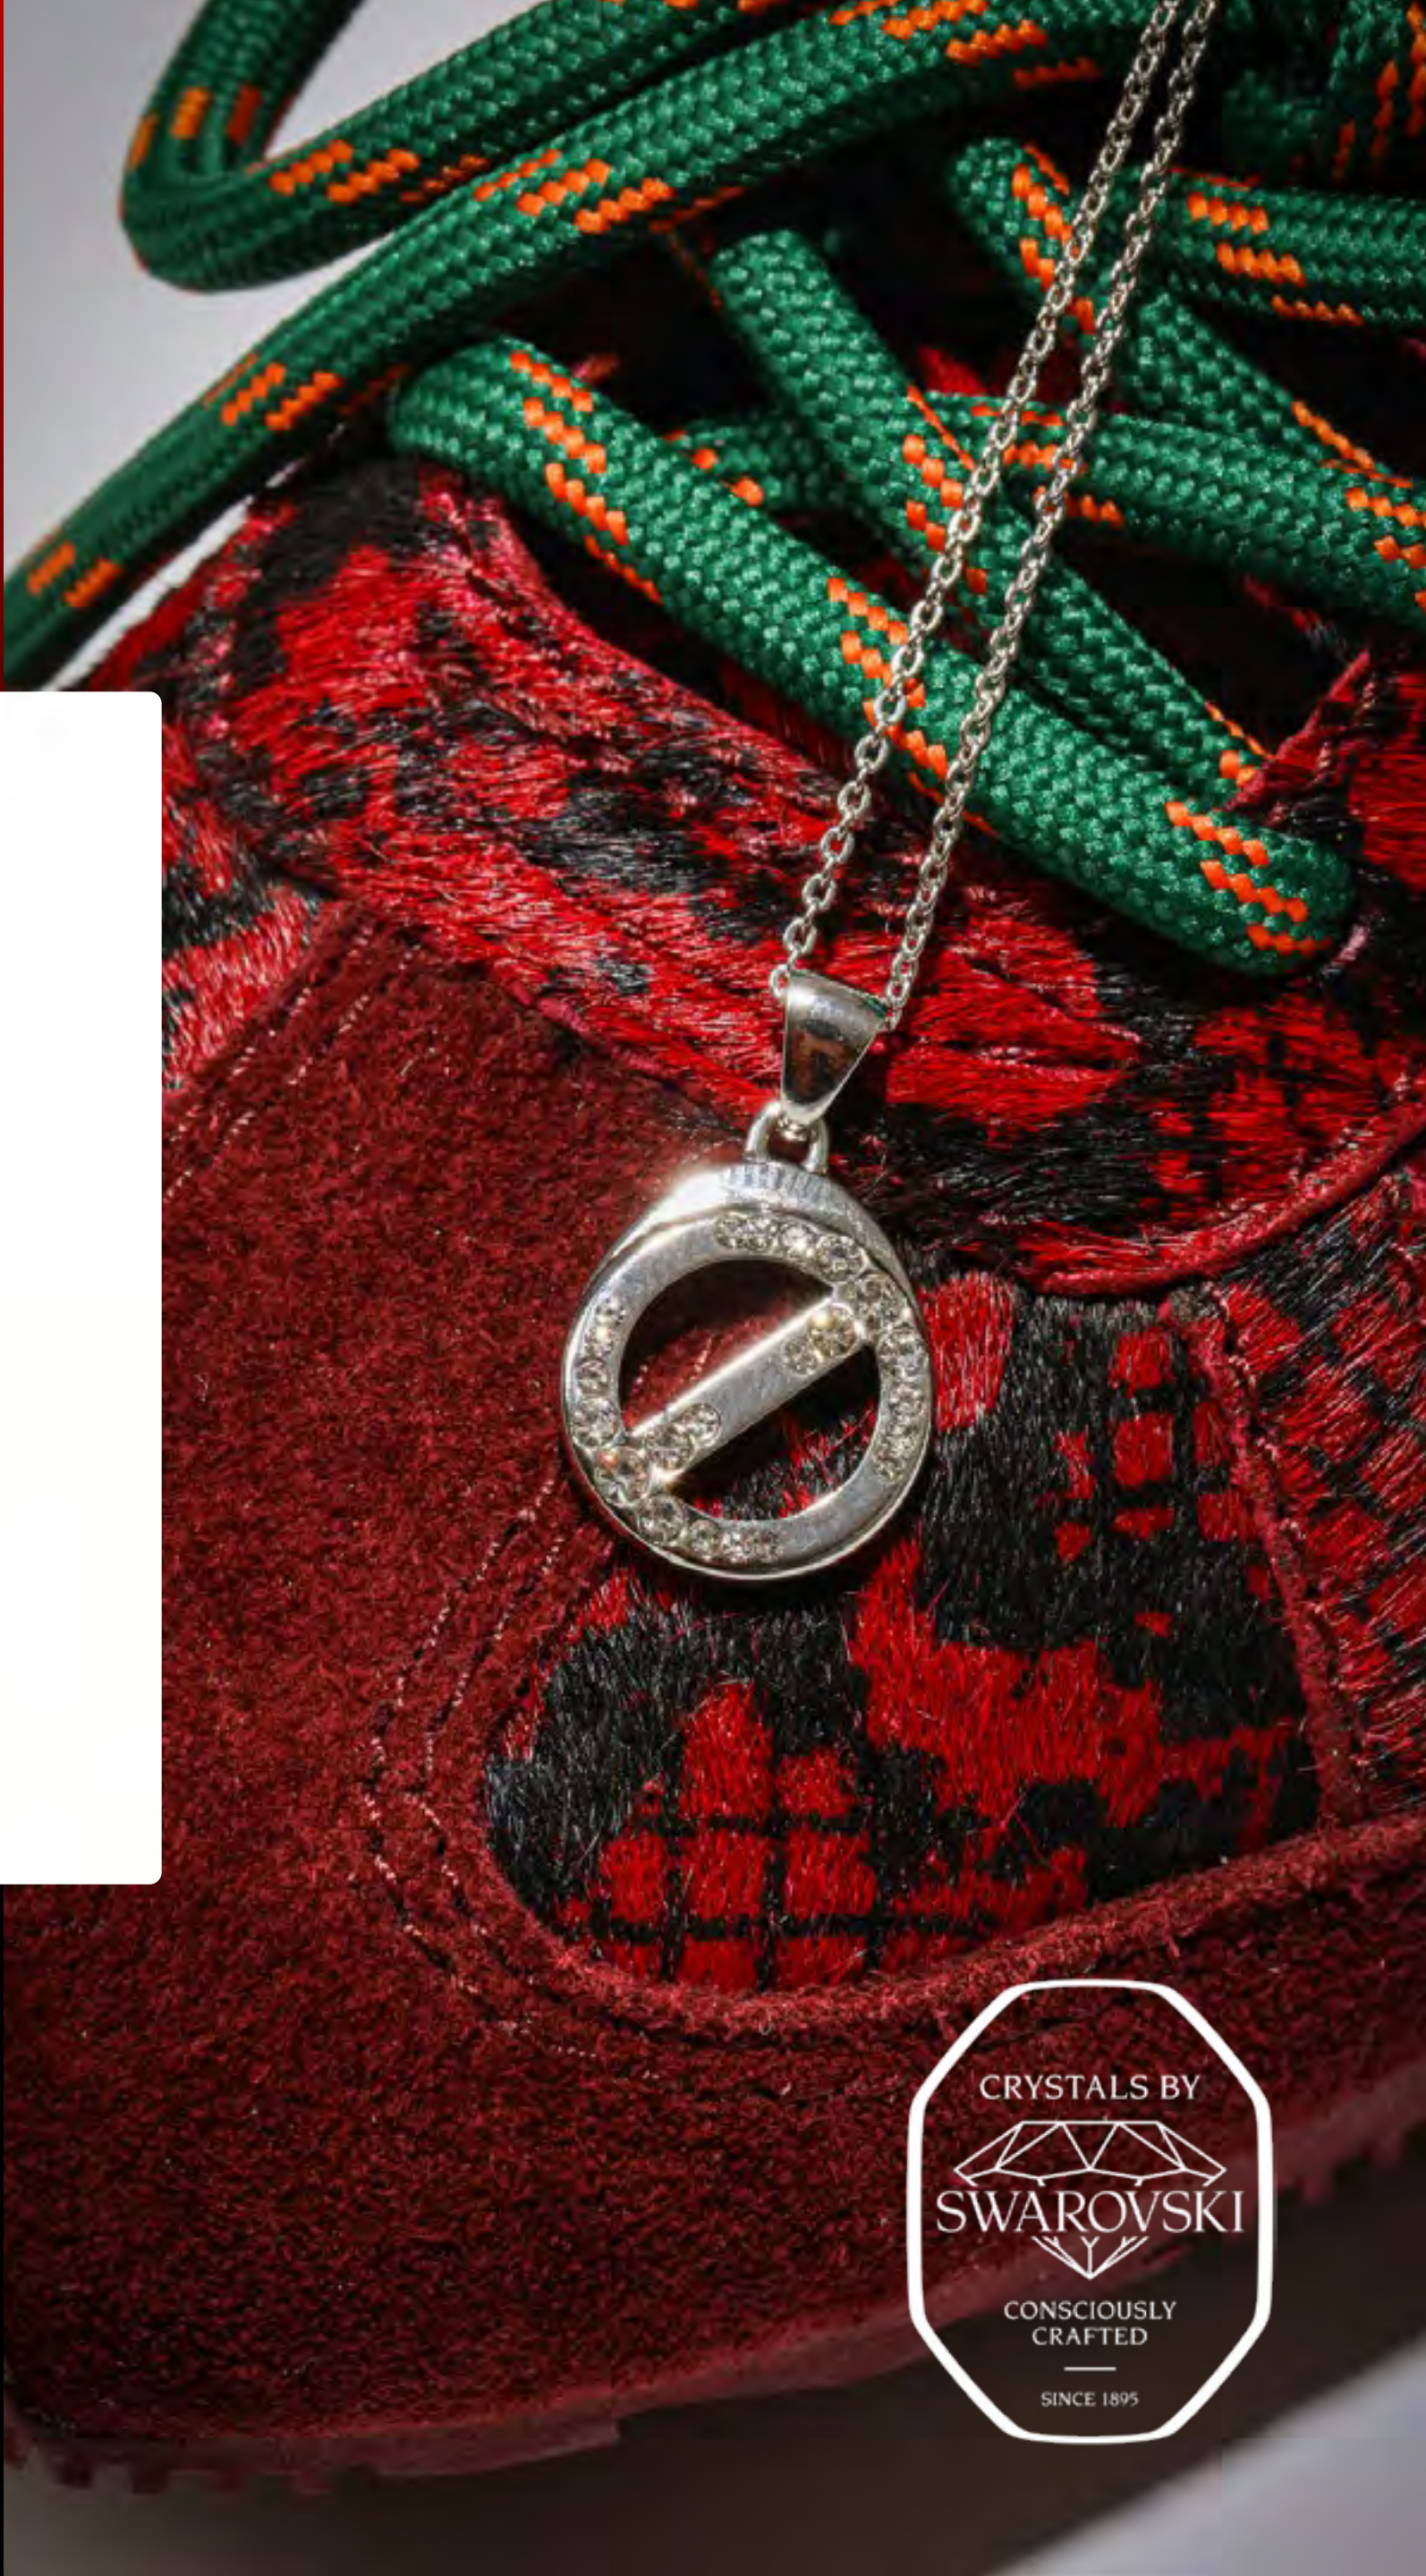

Designed beyond the sneaker, it becomes a personal piece, to wear and keep.

LIGHT GOLD

SILVER

A personal jewel, extending the SNAKE KISS experience.

Where Jewelry Meets Sneakers
